Carbon Reduction Plan

Supplier name: Scott Brownrigg Limited

Publication date: 20/10/2025

Commitment to achieving Net Zero

Scott Brownrigg Limited is committed to achieving Net Zero emissions by 2050

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline Year: 2019	
Additional Details relating to the Baseline Emissions calculations.	
Our carbon footprint is based on our financial accounting year of February to January. Our Baseline calculation includes: • Scope 1: Direct Emissions • Scope 2: Indirect Emissions • Scope 3 Categories: 1: Purchased goods and services: 2: Capital goods: 3: Fuel and energy related activities: 4: Upstream transportation & distribution: 5: Waste generated in operations: 6: Business travel/Hotel stays: 7: Employee commuting/Teleworking: Our Baseline deviates from the requirements under PPN006 as follows: • Scope 3: Category 9: Downstream transportation & distribution: is not included as there was no data on customers travelling to offices. • Scope 3: Category 1: Purchased goods and services: is included, Scope 3: Category 2: Capital goods: is included, Scope 3: Category 3: Fuel and energy related activities: is included, to provide a more complete Scope 3 calculation.	
Baseline year emissions:	
EMISSIONS	**TOTAL (tCO_2e)**
Scope 1	**39.7 tCO2e**
Scope 2	**12.9 tCO2e**
Scope 3 **(included sources as detailed above)**	**1127.1 tCO2e**
Total Emissions	**1179.7 tCO2e**

Carbon Reduction Plan

Current Emissions Reporting

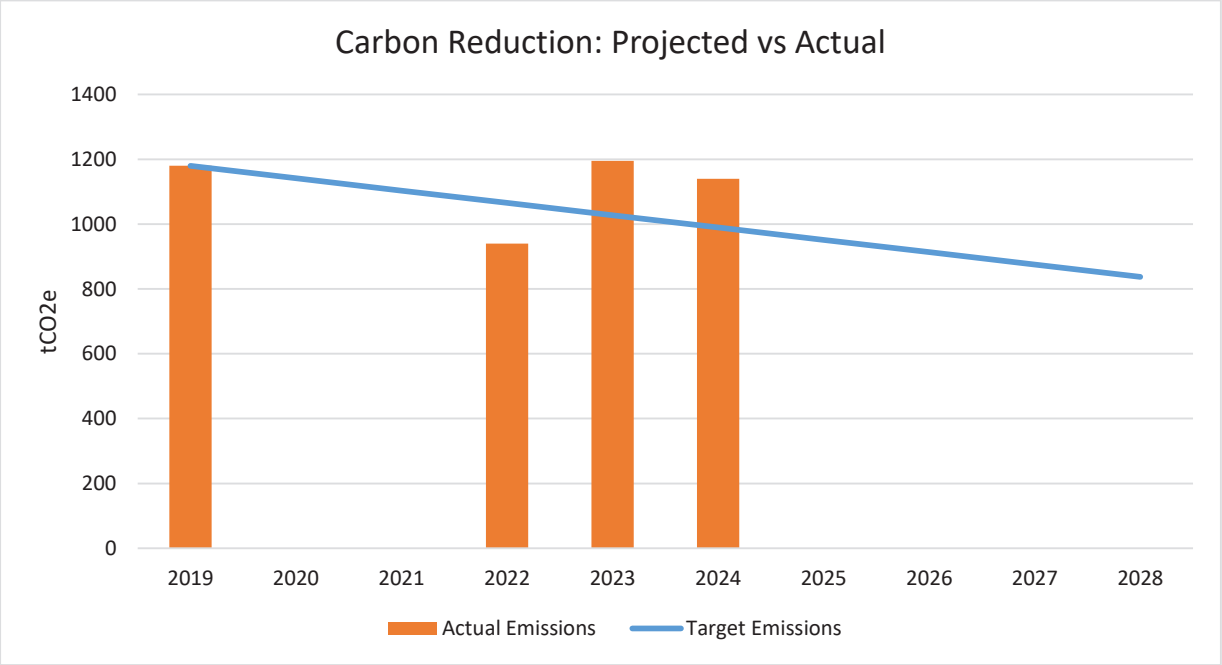
Reporting Year: Feb 2024 to Jan 2025	
EMISSIONS	TOTAL (tCO_2e)
Scope 1	9.1 tCO2e
Scope 2	8.5 tCO2e
Scope 3 (included sources as detailed above)	1121.7 tCO2e
Total Emissions	1139.3 tCO2e

Emissions reduction targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets.

We project that carbon emissions will decrease over the next five years to 989.4 tCO2e by 2024. This is a reduction of 16.1 %

Progress against these targets can be seen in the chart below:



Carbon Reduction Plan

Carbon Reduction Projects

Completed Carbon Reduction Initiatives

The following environmental management measures and projects have been completed or implemented since the 2019 baseline and the measures will be in effect when performing the contract. The carbon emission reduction achieved by these schemes equate to 40.4 tCO2e, a 3.4% reduction against the 2019 baseline.

- Obtained actual water usage readings/bills
- Amsterdam and Cardiff offices transferred to lower carbon shared office space
- Energy model of London office created
- Supplier selection policy updated to include questions on carbon emissions

Future Carbon Reduction Initiatives

In the future we hope to implement further measures such as:

- Create and implement strategy to reduce energy use by 4.2% of base level each year from company buildings
- Create and implement strategy to reduce business travel by 2.5% of base level each year
- Employee engagement programme to reduce emissions by 2.5% from teleworking and commuting
- Obtain actual gas and electricity readings for all offices

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN006 and associated guidance and reporting standard for Carbon Reduction Plans. Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard and uses the appropriate Government emission conversion factors for greenhouse gas company reporting.

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

Signed on behalf of the Supplier:

Name: 
Position: Richard McCarthy, Board Director
